How to do intergrals!?!?!?!?

I am stuck on a intregal problem and don't know what is the right way to approach it. I have posted a screen shot of the problem below. Any help will be appreciated !!!!

OPINION: Newton or Leibniz is the founder of Calculus?

It is known that calculus is nothing without these two scientists/mathematicians, however, what is your opinion on who the true founder is? Leibniz is known for coining the name, while Newton laid the foundation?

Look what I made...

I saw this dish in my favorite show and had to make it!
